* **Dobra assortment free from Titanium dioxide (E171)**

Anticipating the ban on the usage of Titanium dioxide (E171) as a food additive within the European Union (EU) in 2022, Dobra also ensured the Fall & Winter Collection 2022 to be free from E171. This means that for items that contained E171 we developed an alternative recipe without E171. These new recipes can be recognized in the catalogue by the indication of NEW RECIPE.

In some cases it was not possible to find an alternative recipe unfortunately. Therefore these items have been delisted from our assortment. This way we guarantee that (y)our products comply with EU legislation.

Only for customers outside the EU an exception can be made with regards to the usage of E171. This is, however, upon customer's request and responsibility. Please contact us for more information and the conditions.
