

The Collection 2024

Trends & Concepts

It is our passion to make your culinary creation look even more exciting with our refined chocolate decorations.

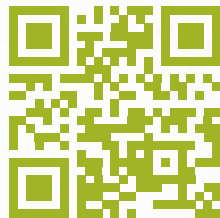

For the novelties in our 2024 Collection, we have looked at the key consumer trends and identified two main concepts: **'Pure Elegance'** and **'Playful Indulgence'**. These concepts are respectively linked to the 'Affordable Luxury' and 'Escapism' trends.

Consumers are increasingly looking for feel-good moments to balance the external influences they face daily. Refinement and elegance can make a culinary creation look like an affordable luxury in the eyes of today's consumers.

Escapism is mainly about creating mood-lifting food products that are playful, colourful, cute, and also products that feel familiar yet modern: the so-called 'Newstalgia' trend. This really allows consumers to escape in a moment of indulgence.

With the inspiration and our creations in this collection, we aim to help you benefit from these latest consumer trends.

If you have any ideas or questions, please do not hesitate to contact us.

Coloring Foods

At Dobla we are committed to using as much as possible natural coloring for our chocolate creations that contain coloring.

For this year's Dobla novelties, we have even started using so-called 'coloring foods', which originate from extracts and concentrates of fruits, vegetables or edible plants. Therefore, chocolate creations containing these coloring foods may have a hint of a fresh fruity or vegetable flavor.

Application advice: Natural colors can be more sensitive to humidity than artificial colors. It is advisable to prevent condensation on these decorations, or to avoid directly placing them on applications with high water content. In case you would like to get decoration advice for your specific application, we are happy to assist you. Please contact your Dobla sales representative.
